

Lip Lip - Aurora Borealis

An eco-friendly option of northern lights tours, with a focus on traditional Sámi storytelling. "Lip Lip" is what you say in Sámi to attract the northern lights.

Follow our guide and tamed reindeer out for an educational, mysterious and peaceful walk to the best northern light locations in our forest near Reindeer Lodge. We will walk by flaming torchlight through the forest while we learn about Sápmi and the bright northern lights.

This activity suits the whole family as our reindeer will assist us as they did back in the nomadic time, by pulling our packing-sleds where kids can sit too.

"Have you heard about the mysterious white reindeer, whispering winds and northern lights saving lives?"

The focus of this tour will be on storytelling, since the oral tradition is the only way Sámi knowledge has been passed on through history. Sadly, Sámi myths and tales about the old religion, nature and northern lights are disappearing among the younger generations. This makes the Lip Lip tour a great opportunity to take part in hearing rarely told stories and learning first-hand about the Sámi culture.

During the tour we will gather around our fireplace, taking in the beautiful surroundings and embracing each other's company. This is always a harmonious moment where tales and stories come to life. We will make coffee and tea over the fire and hopefully enjoy captivating conversation as the magnificent lights of Aurora Borealis dance above us.
