

VIP Guovssahas - Northern light tour

This exciting tour will take you away from distracting lights, to a place where the night sky and northern lights shine brightest! What better way to explore our hidden destination than by snowmobile through the inviting forest?

The snowmobile is one of the most important tools used in modern reindeer herding as it allows us to quickly navigate through the wilderness. In this tour, will we use them to drive us away from the city so that we can enjoy the northern light in peaceful darkness.

At Nutti Sámi Siida, in Jukkasjärvi, will you meet your tour guide and be given a detailed plan of the evening and shown to your snowmobiles. They are not difficult to operate but they are very powerful machines. Therefore you will be given plenty of instruction on how to safely operate your snowmobile during the tour.

If the sky is clear you will see millions of stars and, if you are lucky, the magnificent northern light will dance an unforgettable display. The northern light is always an individual experience, displaying varying character, colour and strength. Most often, the aurora borealis will appear as a faint green or light pink. Guovssahas is what we in North Sámi language call the northern light.

We finish the outing by enjoying a sandwich and a hot drink far enough from the village to experience the complete comforting silence of the north.

Transfer by minibus to and from the tour in Jukkasjärvi included.

PRICE:

SEK 3400 per person, 2 people sharing one snowmobile
SEK 4000 per person, snowmobile single use
