

Cabin rental: Reindeer Lodge

Stay at our idyllic cabin accommodation outside Jukkasjärvi and enjoy the company of grazing reindeer and, with some luck, the sparkling northern light above your rooftop. Remotely situated in the snowy woods and at the banks of river Torne with wide open spaces this small-sized facility offers an ideal base for your Swedish Lapland winter getaway.

Reindeer Lodge comprises five wooden double bed cottages in Sámi design with reindeer next door and silence ruling supreme. Each cabin is one large room á 20 m². Four out of five cabins are also furnished with a sofa bed (size 1.60 x 1.80 m), so up to one more adult with child; or two more children respectively fit in there. The cabins are equipped with wood-fired stoves and electrical heaters, small fridges, tables and chairs. A common timber log building serves as a joint self-catering facility with fully-equipped kitchen, stove and seating. The joint single-sex shower and dressing compartments as well as WCs are found in separate communal facilities.

Make the most out of your stay by exploring the surroundings during a snow shoe hike or a ski tour and walking towards Jukkasjärvi village to visit the church, the day visit venue Márkanbáiki with Café Sápmi among others, and the Icehotel. And of course by gazing into the night sky for a spectacular northern light show.

During winter Reindeer Lodge is also home to our reindeer, hence the name. Our reindeer graze near the cabins and we support feed them to help them survive hard conditions. Depending on snow situation and the progress of the winter, more reindeer will be moved in successively. If you want a first-hand experience with reindeer, you can book our Ráidu or Idjastállu tour and/or visit Márkanbáiki in the village during the day.
