

Cabin accommodation at Reindeer Lodge

Stay at our idyllic cabin accommodation outside Jukkasjärvi and enjoy the company of grazing reindeer and, with some luck, the sparkling northern light above your rooftop. Remotely situated in the snowy woods and at the banks of river Torne with wide open spaces this small-scale facility offers an ideal base for your Swedish Lapland winter getaway.

Reindeer Lodge comprises among others five wooden double bed cottages in Sámi design with reindeer next door and silence ruling supreme. Each cabin is one large room á 20 m². Four out of five cabins are also furnished with a sofa bed (size 1.60 x 1.80 m), so up to one more adult with child; or two more children, respectively, fit in there. Each cabin is equipped with wood-fired stove and electrical heaters, fridge, table and chairs. A common timber log building serves as a joint self-catering facility with fully equipped kitchen, stove and seating. A common barbecue site is outdoors. The joint single-sex shower and dressing compartments as well as WCs are found in separate communal facilities.

Make the most out of your stay by exploring the surroundings during a snowshoe hike or a ski tour and walking towards Jukkasjärvi village to visit the church, the open-air museum Márkanbáiki with Café Sápmi, and the Icehotel. And of course, by gazing into the night sky for a spectacular northern light show.

During winter, Reindeer Lodge is also home to our reindeer, hence the name. Our reindeer graze near the cabins and we support feed them to help them survive hard conditions. Depending on the snow situation and the progress of the winter, more reindeer will move in successively. If you want a first-hand experience with reindeer, you can book our reindeer sled tour Ráidu or the Sámi storytelling night Idjastállu.
