Márkanbáiki – Sámi open-air museum

Márkanbáiki is an easily accessible day visit venue in Jukkasjärvi for visitors from near and far who want to engage their senses to experience Sápmi. Get up close with reindeer, stroll through the museum's exhibition area and taste traditional Sámi food with a modern twist in charming Café Sápmi. As a reminder of your visit you surely find some special items in our handicraft and deli shop.

Explore the venue either on your own and at your own pace by means of museum signs with easily readable information in Swedish and English and/or join our guided tour.

In the **outdoor exhibition area**, you can learn about the culture, traditions, garments, different devices, nomadic lifestyle, and history of the reindeer herding Sámi people. Look at art works, snowshoe hike along the short nature and culture trail and enjoy the scenery. The **playground** Mini Sápmi invites kids to play and learn.

Our most appreciated companions, the **reindeer**, are winter grazing here at the shores of river Torne. It is a special moment being able to meet and feed the reindeer, that are adapted to life in the Arctic environment.

Our **guided tour "Dálveguossi"**, which means winter guest, is a perfect opportunity to get an introduction to Sápmi and the reindeer herding livelihood. Our skilled guide will lead you through the venue and jointly feed the reindeer with you!

In **Café Sápmi**, our giant lávvu-like restaurant with a fireplace in the centre, we serve traditional Sámi food with a modern twist. Reindeer meat and fish are traditional parts of Sámi cuisine that is about pure taste, quality and care for animals and nature. So why not rounding off your visit with a **local food experience** in mesmerizing ambience? We also offer pastries, coffee/tea, and refreshments.

In the **shop** you find local Sámi handicraft, among others antler designs, Sámi silver jewellery and reindeer pelts, and a carefully selected range of delicatessen from Swedish Lapland.

The term márkanbáiki means assembly or marketplace in North Sámi language, and this historical site here is the origin of the village of Jukkasjärvi and a wonderful place for a day visit with wide open spaces.
