

Reindeer Lodge

Start the day by saying good morning to a reindeer, and then snuggle up with a warm cup of cocoa after a long day in the snow. Fall asleep to the sound of crackling fire, wake up and see how the northern lights dance in the sky. Stay at Reindeer Lodge with grazing reindeer walking next door. Choose between an exciting goahti tent, a traditional lavvu or an idyllic cabin, or maybe one night in each? Regardless, this small-scale facility offers an ideal base for your winter getaway.

Goahti – Modern Sámi tent

Enjoy the arctic lifestyle and a genuine, adventurous stay in one of our goahti tents. Here we combine the best from glamping and the unique Sámi nomadic lifestyle. You will find comfort in our newly built tents, furnished with cosy double beds, sofa, eco-toilets and a fire stove to keep you warm throughout the night.

Each goahti is a conical room of 20 m² with one-meter-high insulated outer walls which are topped with long wooden poles covered in canvas. The goahti tent is raised a bit above the ground and has insulated wooden floor. It is furnished with a double bed (1.40 m x 2.00 m), wood-burning stove, modern oil stove, chairs and table. One course dinner included. Breakfast is served in the morning for a good start of the day.

Lávvu – Traditional Sámi tent

Go back to the basics and sleep a night in a traditional lavvu, an adventure for the tough and experienced! You sleep directly on birch branches and reindeer skins on the floor of the tent, cuddled up in a soft sleeping bag. A fire-heated stove will keep you warm, but you will have to take turns to sleep to keep it burning. Through the canvas you can hear all nature's sounds which helps making this night unforgettable.

The lavvu is a portable conical canvas tent with long wooden poles meeting at the top make up the tent's framework. The inner tent rákkas provides protection against condensation and extra insulation. Warm blankets, the glow of an oil lamp and hot drink from a vacuum jug is provided. Access to warm spaces separately. One course dinner included. Breakfast is served in the morning for a good start to the day. We recommend only one night in lavvú.

Each cabin is a large room of 20 m² which is equipped with a double bed (1.60 x 2.00 m), wood-burning stove, electrical heaters, refrigerator, chairs and table. Four out of five cabins are also furnished with a sofa bed (1.60 x 1.80 m) that can accommodate another adult and a child, alt two children. The cabin is decorated with elements and designs from nature and the Sámi culture. One course dinner included. Breakfast is served in the morning for a good start to the day.

Sámi eco adventures

See, do & eat

During winter, Reindeer Lodge is also home to our reindeer. Our reindeer graze near the accommodations and we support feed them to help them survive severe grazing conditions. Depending on the snow situation and the progress of the winter, more reindeer will move in successively and become appreciated residents.

Here at Reindeer Lodge, where silence rules supreme, spruce trees are weighed down by snow and the reindeer saunter by at their own pace, the opportunity for activities for the nature lover is great. Make the most out of your stay by exploring the surroundings during a snowshoe hike or a ski trip on your own, booking one of our reindeer sled tours, taking a sauna, and enjoying a refreshing aurora walk. In the village of Jukkasjärvi, the church, Icehotel and the open-air museum Márkanbáiki can be visited. Do not miss dropping by Café Sápmi if you want to have lunch, fika and a cup of coffee. Our dinner option Árrangáddis is served there too, 19.00-21.00, against pre-booking only.
